Kevin's Trip

1a. Kevin is flying to Florida with his mom, dad, and brother to go to Disney World. They each need a plane ticket that costs \$234. How much did they spend on tickets?

1b. Kevin's mom found tickets online that were 20 dollars less for each ticket. How much money did the family save in all?

1c. At Disney, each family member spent \$30. How much money did the family spend in all?

1d. Kevin's mom bought 24 souvenirs to give to their grandma, grandpa, aunt, and uncle. She gave each relative an equal amount of souvenirs. How many souvenirs did each relative get?
